

Manhattan Door Corporation Door Warranty

ALL DOORS MANUFACTURED BY MANHATTAN DOOR CORPORATION, Brooklyn, New York (except those doors expressly excluded from this warranty by the manufacturer; for example, but not limited to, field-finished doors and doors machined for top and bottom pivots are not covered by this warranty) are warranted by the manufacturer for a specific time from date of shipment by the manufacturer to be of good material and workmanship and to be free from defects at the time of shipment that would render them unserviceable or unfit for the ordinary purposes for which each door is recommended.

The manufacturer will, at its option, either (1) repair, or (2) replace, in the white, unfitted and without charge, any door found not to comply with this warranty. However, written notice of any claim under this warranty must be given to the manufacturer promptly when discovered. In the case of a defect reasonably discoverable by inspection of each door upon receipt of shipment from the manufacturer, notice must be given within thirty (30) days thereafter and before the door is hung or treated in any manner. All six sides must be sealed. The manufacturer shall not be liable for doors repaired or replaced without its prior written consent. Action on any claim for warp or telegraphing after installation may be deferred, at the option of the manufacturer, for a period of 12 months from the date of complaint. During this period, doors must remain hung in the original installation to permit conditioning to humidity and temperature.
